## PTO Generators

Worldwide

W15PTOS

## Proven Engineering and Experience

Winco has been building Power Take-Off (PTO) generators since 1942. Over the years we have grown to be the largest PTO manufacturer in the United States and offer PTO generators in a variety of sizes to meet your power needs.

## Standard Features

- 100% Copper Windings
- Helical Gears for Smooth Operation
- Full Power Receptacle
- Square D Mainline Circuit Breakers
- Large 3" Voltage Meter
- Full Power Plug Included
- Powder Coat Paint
- Rodent Screens
- Lifting Eyes

Full Power Plug

25PTOC-3

## PTO Accessories

Winco offers tumbling bars (PTO drive shafts), manual transfer switches, and off-road trailer kits as accessories for all of our PTO generators. Optional three-point hitch kits with PTO shafts are available for the W15PTOS and 25PTOC-3.

## Stretching Your Dollar

You already own the tractor, why pay for maintenance on another engine? A Winco PTO generator can save your operation tens of thousands of dollars over its useful life by reducing generator maintenance costs, preventing livestock losses, and increasing worker productivity during power outages.

## Securing Your Future

Winco's name is synonymous with PTO generators. Ask your neighbor what type of PTO generator he has; there is a good chance that he will say "It's a Winco." Winco PTO's are the leader in quality and durability throughout the industry. Weigh us against the competition ... literally weigh us. At Winco we do not skimp on essential components using more steel and copper than the competition. Since our products are built heavier they will last longer and start motors easier. Compare Winco PTO generators to the competition and you will quickly see why Winco PTO generators are number one worldwide.

## Powering Your Needs

Winco PTO generators have been proven during the past half-century by logging millions of hours of operation providing standby emergency power for hog confinements, chicken houses, milking operations, homes and many other applications. Our PTO generators save farmers thousands of dollars in lost income every year. Join the tens of thousands of Winco customers that depend on the most reliable PTO generators to protect their homes and businesses.
